## *[~ My Favorite Amphibian ~]*

Bob Bull 200

MY FAVORITE AMPHIBIAN IS THE "RED SALAMANDER!!!"  
BECAUSE WHEN I FIRST LOOKED AT IT JUST CAUGHT MY  
EYE AND IT LOOKED SO AWESOME AND THEIR SO MANY THINGS  
THAT ARE INTERESTING ABOUT THIS WONDERFUL AMPHIBIAN.  
IT'S SO COOL!!! THIS SALAMANDER HAS WONDERFUL FACTS ABOUT  
ITSELF IT'S JUST TERRABLY AMAZING TO LEARN ABOUT... IT'S JUST OUT OF  
THIS WORLD!!!

"3 INCREDIBLY INTERESTING THINGS ABOUT THIS AMPHIBIAN!!!"

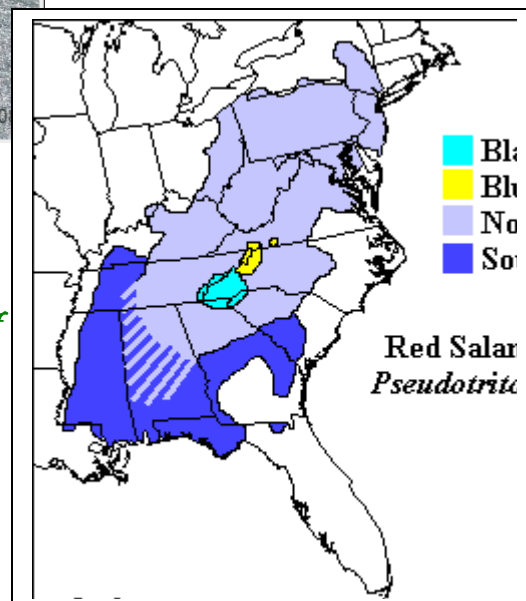

1. Red salamanders are most active late at night.
2. They are especially fond of earthworms.
3. creatures that absorb oxygen directly through their skin, moist skin

\*SPECIES: SALAMANDER

\*LENGTH: 4 TO 7 INCHES

\*DIET: EARTHWORMS, INSECTS AND  
SPIDERS

\*SCIENTIFIC NAME: PSEUDOTRITON  
RUBER

## ->HOW TO MAKE A TERRANIUM<-

AQUARIUM GRAVEL/ROCKS

2 ¼ POTTED PLANTS CAREON

TERRANIUM CONTAINER

PROCEDURES: 1. ADD A LAYER OF ROCKS ACROSS BOTTOM OF CONTAINER

2. ADD 1 TSP. OF CAREON

3. ADD 4 CUPS OF PEAT MOSS [SOAKED]

4. TAKE PLANTS OUT OF POTS SHAKE OFF ACROSS, DIRT DIG SMALL HOLE, PUT

KEEP IT MOIST!!  
!!!

AMPHIBIANS ROCK!!!

### DISECTING THE FROG!

When we were dissecting the frogs I enjoyed learning about what they had and about their digestive system. They had so many interesting things that I didn't even know they had inside of them it was so amazing to see and learn and also actually do it yourself and see what their all about!

MY SUMMARY ABOUT THIS EXPERIENCE!!!

THIS CLASS WAS SO MUCH FUN BECAUSE I HAD A GOOD TIME ON LEARNING ABOUT AMPHIBIANS AND IT WAS JUST A VERY EXCITING THING FOR ME. I LOVED DISECTING THR FROGS IT WAS A WONDERFUL EXPERIENCE I ;EARNED SO MUCH I DIDN'T KNOW BEFORE. WHEN WE MADE THE TERRANIUMS IT WAS "GROWS" BUT ALSO FUN AND COOL. I LOVED THIS CLASS IT
