

MY FAVORITE

AMPHIBIAN

The Strawberry poison dart frog was interesting to me because. The way the frog looks like a strawberry waiting to be eaten by something or someone. Maybe they smell good and attract other animals. The

REAL DISECTION

THE REAL DISECTION IS MORE OF AN EXPERIENCE OF DISECTING A FROG BECAUSE YOU ACTUALLY FEELING A FROG. FIRST HAND SO TO LEARN ABOUT THE INSIDES OF A FROG.

VIRTUAL DISECTION

I THINK THE VIRTUAL DISSECTION WAS A GOOD EXPERIENCE BECAUSE YOU CAN LEARN HOW TO CUT THE FROG. THIS IS GOOD FOR SOMEONE TO LEARN HOW TO DISECT A FROG IN CLASS.

HOW TO MAKE A TERRARIUM

TO BUILD A TERRARIUM YOU NEED MATERIALS LIKE ROCKS POTTED PLANTS. SOME CARBON TO KEEP IT FROM GETTING MOLD. THEN AFTER YOU HAVE ALL YOUR MATERIAL YOU MUST ASSEMBLE IT. THE FIRST THING YOU DO IS ADD A GOOD LAYER OF ROCKS. AFTER THAT YOU DO THAT YOU PUT PEAT MOSS. THEN YOU PUT SOME PLANTS IN THE TERRARIUM AND A WATER BOWL. THEN AFTER ALL THAT YOU PUT 1 TSP. OF CARBON ON THE TOP. THEN ENJOY YOUR NEW TERRARIUM!

THE CLASS

THE CLASS WAS A FUN EXPERIENCE BECAUSE THE TEACHERS WERE GREAT. THEY EXPLAINED EVERYTHING VERY CAREFULLY IF THERE'S ANOTHER CLASS LIKE THIS I WOULD GO TO THE CLASS
